# ECO SERIES

## ECO PUTTY

It is an economical acrylic-based filling/putty. It forms an ideal base to give a smooth finish for water-based paints. Recommended for interior surfaces only.

## ECO PRIMER

It is cost efficient water-based sealer recommended for use on both interior and exterior walls, ceiling, plaster, brick work and wall boards. It is designed to provide maximum protection against moisture.

## ECO MATT

It is available in wide range of colours. ECO Matt emulsion stands out to be the best economical choice with good brushing and levelling properties, it adheres to your walls with smooth finish.
