PRIMER

Markhor's Mark Primer is economical primer based on alkyd resin, suitable for masonry surfaces containing alkalis, where a conventional solvent-based finish is required, it can also be suitable as a sealer on dry cement rendering, concrete, brick work, rough cast, cement sheeting and other forms of masonry. It is recommended for interior and exterior use.

REDOXIDE

Markhor's Mark Red Oxide is an economical quality undercoat with excellent adhesion that prevent the spread of corrosion. Suitable for use on both interior and exterior ferrous metal surfaces, containing corrosion inhibiting and suitable for general use on steelwork.

MATT ENAMEL

Markhor's Mark Matt Enamel is an economical alkyd Matt finish for application to properly prepared and primed wood, metal, plaster, concrete, masonry, and wallboard or anywhere a quality alkyd enamel is desired.
